

2008 Raindrop Fundraising Campaign a Success

This past June as part of Utah Native Plant Month and continuing through the summer, patrons of Glover Nursery, Cactus and Tropicals and Emigration Market/Blue Sky Perennials contributed nearly \$300 to INPGA's "Raindrop" program. Credit for this idea goes to Stephanie Burton, member of the INPGA Board of Directors and employee of Glover Nursery. A small donation was collected at checkout at the participating businesses and a colorful raindrop with the patron's name was posted in the store. We invite all retail nurseries and garden centers to participate in next summer's Raindrop campaign.
